13th May 2011

Dear Karen,

We employ 140 non coaching staff on a match day and it is of the utmost importance that we can remain in contact with them. Our staff are not just based at Sandy Park but in the surrounding car parks too, so we needed a solution that would reach all those areas as well as being effective both around the ground and inside the stadium itself. We rely on PCE's radio solution to ensure we can instantly react to any situation that might arise on a match day.

We have worked with PCE for a number of years and have always found their service and back up to be first class. It is essential that we are able to rely on them fully as communication is an area where there can be no compromises. As a result of our experience we were more than happy to recommend them to our paid security company who also link into our system on match days

Yours Faithfully

Keiron Northcott
Deputy Chief Executive
Exeter Chiefs
